

BLICHFELDT

PRESS KIT • DJ & PRODUCER • OSLO

BIO

SHORT

When the room has settled and the night runs long, Blichfeldt goes to work. The Oslo DJ and producer plays hypnotic, driving house with a steady pull, from his residencies at Skaugum and Jæger to nights in Barcelona and Wales. His own productions span deep house, deep tech and indie dance.

LONG

Blichfeldt, DJ and producer from Oslo, creates deep house, deep tech and indie dance: hypnotic and warm, with a steady momentum built for late hours. His sets are patient, his productions are driving.

With residencies at Skaugum and Jæger since 2023, he also co-founded the club night Basement Sessions with Simon Field. He has played alongside Kevin de Vries, Adana Twins, Solardo and Eliza Rose, to name a few, and beyond Oslo he has played Barcelona twice and Wales. His track "Blichenschlager" reached #12 on Beatport's Hype chart, and Beatportal named him one of Oslo's most pivotal underground acts, calling him "Mr. Minimal House in person".

He has since left minimal behind and gone back to where he started, only further in. "Together" marks that new direction, one he'll follow into 2027.
